The smartphone is poised to take on a new role in medicine, no longer as a mere medical app but rather as a fully customizable personal physician capable of diagnosing and treating even better than the real thing. On a typical day in Baby City, Emily delivers more babies than the number of hours of sleep she manages to squeeze in that night.

The phrase also aptly describes America's medical system when it comes to treating patients.

I'm not going to get into character flaws since this was such a quick read. I want to work with Dr.

While this book was not really my style, I found it well written and the character Morgan.
