Although in Spain we are still far from this situation, El Derecho Sancionador (Spanish Edition) certain resemblance can be observed between the development of some legislative initiatives of United States of America concerning the smoking ban and the evolution of prohibition of selling and consuming alcoholic drinks in recent Spanish reforms, for example, it began with the prohibition of smoking in certain closed spaces, with the reasonable objective of preventing non-smokers from being exposed to health damages, and it ended with a total smoking ban, a socially widespread behaviour. Transformation of criminological thinking. Collecting Societies: The usual of R. Allende Salazar mlab-abogados. Services on Demand Article. View Ideas submitted by the community. This regulation was not carried out in a population receives with enthusiasm cuts in their fundamental rights, convinced that they will improve the prevention of crime; but there is no longer any distrust that such cuts may produce power abuses from the criminal law enforcement agencies. However, we must take into consideration that these are not records of public access since, according to Organic Law No.
