Aristotle, On Rhetoric. Finally, if he displayed i and ii without iii the audience could still doubt whether the speaker gives the best suggestion, though he knows what it is. These different types of words differ in accordance with their familiarity. Martin Heidegger. Michael Durrant. Overall rating No ratings yet 0. Most of the instructions that the Rhetoric gives for the composition of enthymemes is why enthymemes have to include a statement as well as a kind of reason for the given statement. But how does the speaker manage to appear a credible person?
