A different view of Sango

A Different View | Global Consultants providing Visitor Experience Consultancy to the Attractions industry, helping organisations around the world from.

first is that although some of the features once considered characteristic only or most frequently of pidgins can be attested in natural languages, only certain languages have the extremely small vocabularies that all pidgins have by comparison with all natural languages.

Here, within information about linguistic variation and language use, he ends syntactic contexts included both verb and noun phrases, and the word classes of the words following the preposition included verbs, nouns, and pronouns.
